ASSIGNMENT - 9

Working with the memory vulnerabilities – Part III

Name : Chaitanya Faculty : Dr. Sibi Chakkaravarthy S

Reg Num: 19BCN7083 Subject: Secure Coding

.....

> Crashing the StreamRipper

First let us see where we can abuse this stream Ripper. There are two way we can abuse this application. One is at Search Text and another is at Add song pattern. I choose Song pattern . first click on the add button and add payload to it to crash the application.

We have successfully crashed the application.

> Trying to erase the hdd.
